#### **Comments**

Claims 1-51 were provisionally rejected on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claims 1-7, 9-11, 13-16, 20-22, 44, 25-30, 40-42 (typographical omission in the office Action is presumed), 44-45, 48-50, 54-56, 60-66, 68-70, 72-74 and 34-36 in copending Application No. 10/935,669.

Both this application and the cited copending application (10/935,669) are commonly owned by TensorComm, Inc and a timely terminal disclaimer to that end is being filed along with this response.

This response is being mailed before the expiration of the shortened statutory period of response of three months.

#### **Conclusion**

Applicant believes that the provisional obviousness-type double patenting rejection is hereby overcome and respectfully requests allowance of all pending claims.
